- 10- Regional Expert for the league of Arab Countries( to Participate and Present Regional Papers in the Workshops of:
  - Management of Hazardous Substance and waste , Kuwait, November 2004
  - Management of Electronic Wastes, Cairo 2005
  - Environmental management tools,Bahrain,2007"
- 11-Representative of the Ministry Of Planning in the Supreme National Committee of Sustainable Development in Egypt
- 12- Consultant for EEAA :Preparation of National Strategy of Sustainable Development ,Solid Waste Issues and Planning Issues
- 13- Short term consultant for Arab Forum for Development(AFD) to prepare chapter on solid waste management in Arab Countries
- 14- Short term consultant for IDC(International Development Center)to participate in a Health Care Project, Environmental Health Component
- 15- Expert for the Ministry of Justice in the field of HAZARDOUS SUBSTANCES

## RESEARCH EXPERIENCE

- 1- Preparing a research study on :Environmental Impact Assessment studies ,definitions, main Aspects and legal considerations, INP
- 2- Preparing a research study on :An Integrated Comprehensive Plan for Management of all types of Solid Waste in Egypt, INP
- 3- Principal Investigator of the following studies in the INP:
  - Updating The National Environmental Action Plan NEAP of Egypt (in collaboration with Environmental Affairs Agency EEAA) 2005/2006
  - Studying the Environmental Budgets of the Different Egyptian Ministries (in collaboration with Environmental Affairs Agency EEAA) 2005/2006.
- 4-Principle Investigator for a research study on: A Proposed National Strategy for Integrated Management of Hazardous Wastes in Egypt (INP).
- 5- Principle Investigator for a research study on: Towards applying environmental

management system (ISO 14000) on the Institute of National planning, as a model of Governmental Institutes.

6- Principle Investigator for a research: " Decentralization of Environmental Management in Egypt as an approach to face some of the environmental issues in Egypt.

7-The Environmental Criteria and the Competitiveness of industries in Egypt", a research paper prepared for the INP Annual Conference.

8- Participate in the Study of : Environmental Aspects and Egyptian Exports ; Case study on Textile Industry, INP

9-Team member: Nile Basin Initiative (Sustainable development and Benefits sharing),INP.

10-Team Member: Periodic Report of the INP on" the National Economy of EGYPT," Chapter on : Environmental Investments’.

11- Preparation and Implementation of Seminar in CLIMATE CHANGES: "Present Situation and Future Vision", INP.

12-Participate in the research: "Interaction of water, climate, humans in Egypt to restructuring sustainable economy", INP

13- Participate in the research:"The Egyptian African cooperation in the field of Leasing Lands and Food Industrialization", INP

14- Participate in the research:" A framework of a future vision for utilization of new and renewable energy resources in Egypt", INP.

15-Participate in the research:" The role of green economy in sustainable development", INP.

16- Participate in the research:"Environmental degradation in Egypt, A guideline to estimate the cost of environmental damage, Egyptian North lakes – as an example", INP.

17- Participate in the research:" Needs of facing the possible dangerous in Egypt because of world climate change", INP.

18- Participate in the research:" Environmental standards and competitive capacity of Egyptian exports", INP.

19- Participate in the research:"Assessment and improving the performance of the sector of potable water and sewage sanitation in Egypt", INP.

20- Participate in the research:"Identifying needs of the two sectors of: "sewage" and

"roads and bridges" to face the slums. INP

21- Principle Investigator, "Sustainability of Natural Resources and The Millennium Goals", INP

22-Participate in the reports of Egyptian economy (prepared by the Institute of National Planning INP), The relevant parts of Environmental Issues.

23-Participate in the report of evaluating the Millennium goals, Environmental Sustainability Issues (aim 7).

24- Principle Investigator or a research : "Integrated Management of Solid Waste and its role in supporting the Egyptian Economy", INP

25- Principle Investigator or a research : "Decentralization of Environmental Management in Egypt and means of Strengthening", INP

## **TEACHING AND RELATED EXPERIENCE**

---

**1-Preparing the Teaching materials and** teaching the following post graduate Courses(Diploma in Planning and Development) in the Institute of national planning :-

- Planning of Some Environmentally related services, (water, waste water, solid and hazardous waste).
- Environmental impact Assessment of Projects.

**2-Teaching:** "planning of services for environmental protection" at The Institute of Environmental Studies and, Research Ain shams University.

**3-Preparing and Teaching** a course on "Environment and Population" for the fulfillment of Master Degree in the Cairo Demographic Center, INP (in English).

**4-Preparing the teaching materials and Teaching** The Post Graduate course : "Environment and Natural Resources Management" for the Master Degree in Planning , Institute Of National Planning , since 2008 till 2016.

**5-Supervision of M.Sc and PH.D** in different Environmental Issues in the Institute of Environmental Studies and Research, Ain shams University.

**6- Supervision** Of more than 40 Thesis for the fulfillment of Diploma and Academic Master degree in planning and Development, Institute of National Planning ( INP ), Environmentally related issues.

**7-Updating** the teaching materials for The Post Graduate course:" Environment and Natural Resources Management. For the Academic Master Degree in Planning and Development, INP

**8-Preparing** a teaching Book on : "Environmental Planning" For the Professional Master Degree in Planning and Development, INP.

**TRAINING  
AND  
RELATED  
ISSUES**

- 1- **Organization and Implementation of Training Workshops** all over the Egyptian governorates and for the different ministries and private Sector in:-
  - Planning of Environmental protection Activities (Solid and hazardous Waste Management, Water Management).
  - Environmental Impact Assessment for project.
